Arab Christians in Palestine constantly renegotiated their place in society and the meaning of their religious identification during the British Mandate. They shaped their relationship to Palestinian nationalism in debates among themselves as well as with the British, Zionists and other Arab communities in Palestine.

In 634, Christians and Jews understood that the Arab invasion then taking place manifested a new political and religious movement centred upon an Arab prophet. Filled with a mood of expectation prompted by the apparent collapse of Rome before barbarian invasions, both Christians and Jews gave apocalyptic significance to the new movement.
