Mathematics, an international, peer-reviewed Open Access journal. The q-rung orthopair fuzzy set is a powerful tool for depicting fuzziness and uncertainty, as compared to the Pythagorean fuzzy model. The aim of this paper is to present q-rung orthopair fuzzy competition graphs (q-ROFCGs) and their generalizations, including q-rung orthopair fuzzy k-competition graphs, p-competition q-rung ...

The aim of Discrete Applied Mathematics is to bring together research papers in different areas of algorithmic and applicable discrete mathematics as...

Discrete Applied Mathematics - Journal - Elsevier

Informatics is a branch of information engineering. It involves the practice of information processing and the engineering of information systems, and as an academic field it is an applied form of information science. The field considers the interaction between humans and information alongside the construction of interfaces, organisations, technologies and systems.

Informatics - Wikipedia

Mathematics and Computer Science (MCS) is an international research journal of rapid publication devoted to the publication of significant articles in all areas and sub-areas of mathematics and computer science with applications. The journal aims to publish original research articles, review articles and short communications, in all areas of mathematics and computer science.

Mathematics and Computer Science :: Science Publishing Group

Science Journal of Applied Mathematics and Statistics (SJAMS) is a peer-reviewed journal on all areas of applied mathematics and statistics that intends to solve problems in engineering, sciences, and business through mathematical, computational and statistical methods. Topics of interest include, but are not limited to: applied mechanics, approximation theory, computational simulation ...
