Playing the violin entails holding the instrument under the chin, supported by the left shoulder (see below for variations of this posture). The strings are sounded either by drawing the bow across them ( ), or by plucking them ( ). The left hand regulates the sounding length of the strings by stopping them against the fingerboard with the fingers, producing different notes.

The violin, also known informally as a fiddle, is a wooden string instrument in the violin family. Most violins have a hollow wooden body. It is the smallest and highest-pitched instrument in the family in regular use. Smaller violin-type instruments exist, including the violino piccolo and the kit violin, but these are virtually unused. The violin typically has four strings tuned in perfect ...
