Professor H.L.A. Hart's Concept of Law

The Concept of International Law Philip Allott* Abstract The social function of international law is the same as that of other forms of law. It is a mode of the self-constituting of a society, namely the international society of the whole human race, the society of all societies. Law is a system of legal relations which condition social

The Concept of International Law

introductory explanation of the concept of the rule of law and how it relates to development. It concludes with a brief description of some of the criticisms that have been made about the concept of the rule of law.

What Is the Rule of Law?

The Concept of International Law in the Jurisprudence of H.L.A. Hart 969. a few preliminary remarks on the relevance of a jurisprudential encounter with inter-national law in general and with Hart's approach to international law in particular seem in order and should precede an analysis of Hart's theory of international law. A

The Concept of International Law in the Jurisprudence of H

Hart's book "The Concept of Law" claims to be an exercise in both analytical jurisprudence (analyzing everyday language to give an analytical account of how the law has developed), and descriptive sociology (looking at the nature of rule bound human behavior).

H L A Hart Notes; Concept of Law; Chapters 2, 3, 4, 5, 6

H.L.A. Hart, Critique of Legal Realism in The Concept of Law (1961) 1. Rules need not be enacted by a court to be laws: "There is a difference, crucial for understanding of law, between the truth that if a statute is to be law, the courts must accept the rule that certain legislative operations make law, and the misleading theory
