WATER WELL CONSTRUCTION 1. Siting of new water wells in relation to contamination sources Locations of new wells should take account of the proximity of potential sources of contamination. Many wells are polluted because they are located too close to a source of pollution, or are not properly constructed.

WATER WELL CONSTRUCTION - IGI

Good-to-great leaders embody a paradoxical mix of personal humility and professional will. You can't achieve great things without great people. Many companies create strategy, then try to rally people around it; good-to-great companies start with great people and build great results from their efforts. Simplicity rules.
