Advanced Chord Structures []. Sometimes, when looking at chords, you will see something that looks like C7, Cmaj7 or Cdim, etc. (by the way, it does not have to be a C chord) These chords (all chords, in fact) are based around the triad that we talked about earlier. To play a 7th chord, simply play the seventh note in the scale (with the triad), but drop it by one half step.

The palm mute is a playing technique for guitar and bass guitar, executed by placing the side of the picking hand below the little finger across the strings to be plucked, very close to the bridge, and then plucking the strings while the damping is in effect. This produces a muted sound. The name is a slight misnomer, as the muting is performed by the side of the hand, not the palm.

A scale starts with the note that names the key. This note is the tonal center of that key, the note where music in that key feels "at rest". It is also called the tonic, and it's the "do" in "do-re-mi". For example, music in the key of A major almost always ends on an A major chord, the chord built on the note A. It often also begins on that chord, returns to that chord often, and features a ...
