This is called PDF mining, and is very hard because: PDF is a document format designed to be printed, not to be parsed. Inside a PDF document, text is in no particular order (unless order is important for printing), most of the time the original text structure is lost (letters may not be grouped as words and words may not be grouped in sentences, and the order they are placed in the paper is ...

A buzzword is a word or phrase, new or already existing, that becomes very popular for a period of time. Buzzwords often derive from technical terms yet often have much of the original technical meaning removed through fashionable use, being simply used to impress others; although such "buzzwords" may still have the full meaning when used in certain technical contexts.
