Complexity characterises the behaviour of a system or model whose components interact in multiple ways and follow local rules, meaning there is no reasonable higher instruction to define the various possible

interactions.. The term is generally used to characterize something with many parts where those parts interact with each other in multiple ways, culminating in a higher order of emergence ...

The Performance-Driven Life. Could it be that constantly being indoors or in the car, media exposure to immoral values at an early age, lack of consistent routine, constant over-stimulation by electronic entertainment, and attempting to make kids into little adults is destroying the hearts and souls of our children?. It is thought that parents can actually cause childhood depression by ...
